

LEVEL 1 ASPIRE (MUSIC, MEDIA AND ART)

OVERVIEW

This course is a good starting point for learners who are returning to education or for those with little or few qualifications.

The ASPIRE course focuses on building the foundation skills that the learners will use on various creative projects. Over the course of the year the learners will have an opportunity to make a variety of short projects in different creative areas including; short films, stop motion animations, Art and design, radio shows, music shows, magazines, photography, computer games design and many more.

Learners studying on the course will have the opportunity to learn and develop new skills while working on improving their math's and English skills, preparing them for mainstream education.

ENTRY REQUIREMENTS

Interview with music/media team.

ASSESSMENT

The course is assessed through a number 6 – 8 week projects or group assignments.

PROFESSIONAL OPPORTUNITIES

This is a good starting point for learners with little or no qualifications or those who are wishing to make the transition into mainstream education. It is also a great choice for those who wish to progress onto a Level 2 Course in Music, Media or Art and Design.
