SUCCESS STORY

JACK DAVISON

Marine Project Manager with Osprey

Jack first completed his OOW and HNC in Nautical Science with the marine school, before progressing to Chief Mate status in 2020. As his personal circumstances changed, he was looking for a job role that was permanently shore-base and that's where he came across the BSc programme. Jack was able to complete this course part on-campus and part online and in July 2022, he was awarded with a 1st class honours.

Jack added...

“ I wouldn't have been able to land a job ashore without this qualification, so thanks to all at South Shields Marine School for being so flexible and supporting with my study arrangements. ”
